## ZILR announces Lumin streaming game capture hub

**Melbourne, Australia – ZILR Pty Ltd** launches the Lumin – device that captures video and audio from HDMI® sources into your favourite choice of streaming software.

Lumin Features:

- Capture full HD 1080p into streaming software including OBS.
- Play smooth, lag-free 4K gaming with the HDMI® loop out.
- Connect mirrorless cameras to use for meeting software to increase the quality found on standard webcams.
- The built-in hub features two USB-A 3.0 ports for connecting to other devices including USB Microphones, along with a media card reader.
- Power your laptop up to 87W via the USB-C PD port or other devices including mobiles with fast charging supported.
- Also on the Lumin is a 3.5mm headphone port to monitor audio sent out from mixing software, and a 3.5mm mic jack to capture analogue audio sources.
